Corta-Fix[®]

It's the smaller molecules, the **Corta-Fix**[®] isolates, that provide its unique and superior advantage. Smaller sized molecules can penetrate cellular walls more effectively than larger ones for better utilization of active ingredients. For the clinical proof visit:

U-Gard[®]

Gastric Ulcers are generally recognized as being caused by the stress of training, competition, stall confinement and diets high in carbohydrates.

U-Gard[®] was veterinarian tested to be effective in decreasing the severity of gastric ulcers.
